

TECHNICAL SPECIFICATIONS

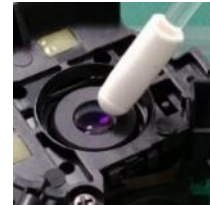

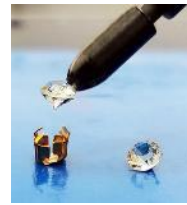

ADH PIKALEEN

ADH Pikaleen Series is a very functional tool that performs pick and clean actions.

It has sufficient adhesion strength to pick up and also easy to release tiny objects or components during assembly, sorting and packaging processes.

It is also used for surface cleaning without detergent and does not leave any stain or mark on the surface.

Perfectly paired with **ADH Fixcherfree** that holds the main component while **ADH Pikaleen** does it's jobs.

Design 1 : Dome Narrow

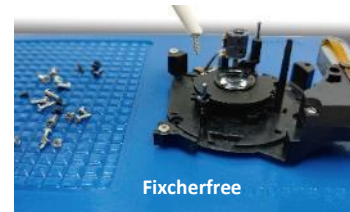

Design 2 : Wedge Narrow

Design 3 : Wedge Cup

Design 4 : Cone Narrow Black

Fixcherfree

Features

- 4 types of sticky head design; Each with specific functions
- Clean room compliant; ESD safe
- Cleans without detergent, non-invasive
- No stain; No mark; No surface scratch

Properties

Sticky Head : Synthetic Rubber (Proprietary formulation)

ESD Stick : Polypropylene Resin

Operating Temperature : 10 ~ 60°C

Applications

- For small delicate parts or components assembly, sorting or surface cleaning.
- For optical lens and prisms, display panels, image sensors etc.
- For making or repairing of jewelry, ornaments, watches, scaled models etc.

Recommended Shelf Life

- 6 months from the date of delivery and remain within the original packaging.
